 github.com/AkhileshRawatGit

Summary

Aspiring Java Backend Developer with a strong foundation in Java, Spring Boot, and backend development fundamentals. Skilled in developing project-based applications and interested in building scalable and user-focused software solutions. Eager to learn and grow in professional software development environments.

Skills

Programming Language: C++, Java

Backend & Frameworks: Spring Boot, REST APIs, Hibernate, Spring Security

Database & Caching: MySQL, Redis

Tools & Platforms: Git, GitHub, Docker, Postman

Education

Bachelor of Technology in Computer Science & Engineering

Aug 2023 – Ongoing

Swami Rama Himalayan University, Dehradun | CGPA: 8.5 | NAAC A+ Grade

Intermediate

May 2023

Shri Bharat Mandir Inter College, Uttarakhand | Percentage: 91%

High School

May 2021

Shri Bharat Mandir Inter College, Uttarakhand | Percentage: 93%

Projects

 **HiddenUkWeb** | Java, Spring Boot, Spring Data JPA, MySQL, MinIO, REST APIs

March 2026 – Present

- Building a tourism discovery platform to showcase **hidden and unexplored destinations of Uttarakhand** beyond mainstream tourist spots.
- Built a multi-entity RESTful backend (Place → Hotel → Room → Inventory → Booking) with nested URL patterns and ModelMapper-based DTO mapping.
- Implemented **Dynamic Hotel pricing logic** for dynamic room pricing based on demand and season.
- Integrated **MinIO object storage** for hotel image management with structured bucket-based organization.
- Implemented role-based access control using **Spring Security and JWT authentication**.

 **Coding Contest Platform** | Java, Spring Boot, MySQL, Docker, Judge0 API

Aug 2025 – Oct 2025

- Developed a coding contest platform inspired by online coding environments, allowing users to solve and submit programming problems through an interactive interface.
- Designed and implemented REST APIs using Spring Boot with MySQL integration for managing coding problems, submissions, and backend workflows.
- Integrated Monaco Editor and Judge0 API to provide real-time code compilation and execution within a browser-based coding environment.
- Containerized the application using **Docker** for consistent and reliable deployment.

Position of Responsibility

Web Master, ACM Student Chapter

Sep 2024 – Present

Swami Rama Himalayan University, Dehradun

- Organized and managed **4+ coding competitions** using a self-developed contest platform for submissions and scoring.
- Coordinated participant flow, and smooth event execution.

Awards & Certifications

- **Information Security Certificate – Springboard (2026):** Covered network security fundamentals and CIA Triad (Confidentiality, Integrity, Availability) principles, threat modeling, and vulnerability assessment.
- **Winner** – Internal Smart India Hackathon (SIH) 2025, Ideathon
- **Top 50 Finalist** – SAARHI Hackathon (National Level)
